Spring Music.

Here you
The call
Of the country,
I pray,
Cooking
You hark
From the city
Away,
Back
To an affectionate bid
To you
To the place
Where you played
As a kid?
Spring
Is the time
When it sings
In your ear,
Telling
Of scenes
That to boyhood
Were dear,
Conjuring us
To your old-fashioned
Gaze
Pools
Where you fished
In those
Halcyon days.
City
Is grimy
And full
Of distress.
Grows everywhere
The poison
Can't suppress.
Pack up your wardrobe
And pull down your vest.
Hike for the country
And take
A long rest.

The people of the United States consume nearly 400,000 tons of meat every year. This, however, is but a drop in the bucket of the total amount of sugar we eat, as we import from Europe about 2,500,000 tons more every year.

Shall We Pool.

The question in every one's mouth is "Are we going to pool this year?" Every tobacco dealer has been asked this question hundreds of times the past month, and every time he has been asked it will wonder he has asked the party asking it. "Are you going to pool?" This is the whole question. "Are you going to pool?" It makes little difference what the leaders say or think, but what the people say or think is important. If they are going to pool, it's a question settled. If they are not, the question is also settled. How can we tell what they will do? There is just as much reason to pool this year as there ever was, and more, and more can be accomplished than ever. The business system to handle the pool is established, the people have money, and the business world has been shown the practicality of our plans, our opponents have learned to respect us, force opposition is crushed, and those who refuse to join harem, are everywhere declaring their intention of being in the next time. We are inclined to think there will be a pool because we believe in the people's common sense.—A. S. of E. Tobacco News.

C. R. Klinger, the Jeweler, 1000 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." Foley's Kidney Remedy will cure any case of kidney or bladder disease that it is not beyond the reach of medicine. Sold by Stockton and Hagan.

Stay on the Farm.

One of the most pathetic sights to be seen at New York City is some farmer standing in line the waiting for the few dollars of one month of a loaf of bread each, this bunch having stood there for hours, the same being unable to get employment to earn a living. If the boys in the country knew how the thousands of poor people in the city lived for a little land in the country, then they would realize before leaving the good old country farm for the crowded tenement houses of the city.
The cities are over run. The opportunity to make money there opens only to the man who has money, and those who do not have it. The saddest place is on the farm. If the people in the country knew how one-half of the own people lived they would buckle down to work and save money in the country. If the farming class would stick to their work six days each week the year round, active laborer in the city must do or lose wages and be shocked for every hour into the young country youth and farmers would be more successful.—Ex

Editor's Troubles.

It is reported that one of the fastest, down newly married ladies of this town, who had been with her clothes on, saw something peculiar but there are others.
The editor of this paper needs bread with his shoe on; he needs bread with his pants on; and unless some of the deluged subscribers of this "Old Back Freedom" pony up before long, he will need bread without a damn thing on.

Men Past Fifty in Danger.

Men past middle life have found comfort and relief in Foley's Kidney Remedy, especially for enlarged prostate gland, which is very common among elderly men. L. E. Morris, Dexter, Ky., writes: "Up to a year ago my father suffered from kidney and bladder trouble and several physicians pronounced it enlargement of the prostate gland and advised an operation. On account of his age we were afraid he could not stand it and I recommended Foley's Kidney Remedy, and the first bottle relieved him and after taking the second bottle he was no longer troubled with this complaint." Sold by Stockton and Hagan.

There are reasons why you get more value in a BUICK than any other car at the price

QUANTITY

The Buick factory turns out more cars than any other in the world, 20,000 this year, and makes all its parts so completely that it even has its own spark plug factory and oil refinery. It supplies many automobile factories with parts, and for others it turns out complete cars, which are sold at higher prices under other names.

ADVERTISING

The Buick factory never spends one cent advertising its product. Yet Buick cars are well known everywhere. The reason is pure merit. The enormous sum this saved is given Buick purchasers through low prices. Buick cars are their own advertisement. Some other factories spend from one to two hundred thousand dollars yearly in advertising. Who pays for this? Think it over.

COMMISSION

The Buick Company does not give its agents excessive commissions. It establishes a fair list price—not a fictitious one—as a good many do whose cars are hard to sell on account of mediocrity—and the buyer of a Buick car feels sure that he is not being "stung."

RATING

Buick cars are never overrated. When you buy one you get more power than you are led to expect. Take the A. L. A. M. formula: we will furnish it on application—and compare the proven power of our cars with that of some of the so-called 20 H. P. cars. The result will amuse you.

There are Other Reasons of Quality, Service and Reputation

Model "17" 30-40 H. P.

This is a joke. It is a delightful and undeniably healthy food."

Hawkins sold his cattle to Bond Bros. at 6 cents. The cattle sold by Mr. Hawkins at the Hoffman distillery were sold six weeks ago at \$2.75 and 10 cents.

Counties had pleased for tobacco has been planted in corn. There are two causes. The prospect for higher prices on corn selling at a price of \$1 for some and the scarcity of tobacco plants.
